WorldSharp 1099 Service Information:

IRS E-filing Requirement Change:

The IRS has changed the threshold to require e-filing as opposed to paper filing. Starting with the 2023 forms year, if more the 10 forms are to be filed, they must be e-filed. This used to be 200 for most forms. The new threshold is applied to the aggregate of forms. For example, if there are 7 1099-Div forms and 4 1099-Int forms, then all 11 forms must be e-filed.
